

COMMUNITY INFO PACKET

COMMUNITY HIGHLIGHTS

Evans Ranch is a beautifully designed, master-planned community featuring meandering streets and walkways that connect nearly 23 acres of parks and trails throughout the neighborhood. Each of these 297 upscale homesites undulate with the landscape and feature small, distinctive driveways, keeping the focus on the surrounding beauty. In addition to the trail system, Evans Ranch includes a playground and sitting areas, making it a great environment for entertaining the family and connecting with the environment. As part of the future townhome development, the grounds will be equipped with a pool, pavilion, and central playground for those residents to enjoy. If you are an outdoor enthusiast, there are a number of quality trails within 10 minutes of the community, including the Jordan River Parkway connecting Salt Lake and Utah Lake through 15 cities, and the Utah Lake Parkway Trail, which has almost 50 paved miles that wrap around the north side of Utah Lake. The Mountain Ranch Bike Park is also only a few minutes away and includes 30 acres of tracks and trails, jump lines, and a skills area with 200 yards of wood features. There is something for everyone in Eagle Mountain!
