

Cobalt village

COMMUNITY INFO PACKET

COMMUNITY HIGHLIGHTS

Cobalt Village is a new townhome development located in Bluffdale at Independence at the Point, a master-planned community spanning over 294 acres. This charming community is perfect for first-time homebuyers or empty nesters looking to simplify their lives. This neighborhood boasts the beautiful Wasatch mountains as a backdrop, and great care has been taken to incorporate the area's natural beauty by using subdued yet contemporary color schemes and elements. A large park and playground will be constructed on the west side of the community and a large neighborhood pool will be installed to the east. Independence portrays a sense of American patriotism throughout the community with parks, monuments, and streets named after American values and ideals. Cobalt Village continues this tradition with street names honoring the blues of the American flag. You might find yourself driving down Lapis Fields Way or taking a walk down Sapphire Peaks Boulevard.
